Shells - The heartbeats of marching bands

Caribbean Band Series *Instruments to dance..... without limitations*

Specially designed for the demanding Caribbean Bands, Vancore introduces the Caribbean Band Series. A complete range of Snare drums, Bass drums, Tenor drums and Multi tenor sets in different features and colours come together with a complete set of carriers, adaptors and accessories.

All models can be delivered with **Plywood Impact**, wood shells or **Aluforce**, aluminium shells.

Snaredrums

Vancore's Free-floating Vortex snare drums stand for a crispy sound, extreme light weight and very easy to carry. First on the market and second to none in performance!

We have added a "snap on" construction to move away the shell if you want to. If you like to play without shell, just go ahead and experience the even more crispier unrivalled sound!

Easy to transport, easy to handle. Very strong construction!

The drums are, depending on model choice, fitted with a fixed or fully adjustable top strainer.

Both available with Aluforce or Plywood Impact shells.

The instruments are constructed with an integrated adaptor unit, attaching your carrier.

Vortex Snaredrums *First on the market - First in sound -
First in weight and construction and last but not least:
First in Performance!!*

Caribbean Band Series

Bass drums

These magnificent bass drums feature standard a 8- mm 6 ply shell. If you choose for light weight just pick the aluminium shells!! Standard the drums are equipped with Remo Pinstripe Bass drumheads for a really “Big Sound”. Other heads can be mounted on special request. The size range of bass drums in the Caribbean Band Series is from 16” up to 32” in diameter. All models are 14” wide.

Tenordrums

To complete the ensemble sound we designed the single headed tenor drums for your Caribbean ensemble. Available in different sizes and features. The 6- mm wood shells stand for enormous projection. The lugs are made out of solid aluminium and come together with stainless steel tension bolts . Both available in wood or aluminium feature from 12” up to 16” !

A strong synthetic trim protects the tenor from damage when putting the instrument on the ground.

Multi Tenor Sets

Our free floating multi tenor sets are specially designed for the “dancing percussion ensembles.” These instruments really add something to your rhythm section.!! They come in three, four, five or even six piece configurations. The shells are attached to the collars of the drums and can be clicked off within seconds Easy for transport..... “Great for sound features.”

Multi Percussion Set

Build your own!! Our modular adaptor system gives you the opportunity to build your own multi-percussion set up.

Using special clamps and bracket makes it easy to create a special and personalised feature.

Samba Bass

The Samba bass is a must for every Caribbean band. This great instrument comes with an aluminium shell in three different sizes.

18” x 22”

20” x 24”

22” x 24”
